✉ Nawa.B.Alasmii@gmail.com

SUMMARY

Motivated Software Engineer with a strong foundation in web development and systems analysis. Passionate about building scalable and user-centric applications, with hands-on experience in front-end and back-end development using technologies like JavaScript, React, and Node.js. Known for being a fast learner, proactive team player, and detail-oriented problem solver. Actively expanding my skills in IoT and AI integration, and seeking opportunities to contribute to innovative projects that create real impact.

CAREER OBJECTIVE

Dedicated Software Engineer passionate about requirement analysis and translating business needs into efficient, maintainable code. Committed to continuous improvement and delivering reliable software solutions through consistent coding practices and teamwork. Seeking to contribute my analytical skills and technical expertise in a growth-oriented environment.

WORK EXPERIENCE

COOP Trainee at King Fahad medical city |Information Technology Jun- Dec 2022

System Management & Software Development:

- Full-stack Development
- Business Analysis and Design
- System Integration
- Mobile App Development

Network Support & Communication:

- Problem Resolution
 - Communication and Coordination
-

EDUCATION

University of Hail | 2018 - 2023

Bachelor of Software Engineering, College of
Computer Science and Engineering.

SKILLS

Professional Skills

- Full-stack web development | System and business analysis | Requirements gathering and documentation | Project planning and software documentation | Functional and non-functional requirements modeling | Use case and process flow diagramming | System architecture design | Mobile application front-end development | Stakeholder communication and coordination | Problem-solving and issue tracking

Technical Skills

- Languages: JavaScript, C#, C++
- Front-End: HTML, CSS, Bootstrap, React.js
- Back-End: ASP.NET (Web Forms, MVC, Core) – Working knowledge , Node.js
- Databases: Microsoft SQL Server, MySQL
- Frameworks & ORM: Entity Framework
- Version Control: Git, GitHub
- Tools & IDEs: Visual Studio, VS Code
- Other Tools: Firebase (basic), Figma (interface design)

Soft Skills

- communication | Problem-solving | Teamwork | Adaptability | Attention to detail | Time management | Self-motivation | Critical thinking | Requirement analysis | Accountability
